SEMINARIO

**"Self-similar processes, fractional Brownian motion,
and statistical inference"**

B.L.S. Prakasa Rao

(University of Hyderabad, India)

Giovedì, 14 Dicembre 2006 - ore 16.30

Aula 137 - Viale Isonzo 25

Abstract:

We will review properties of self-similar processes in general and fractional Brownian motion in particular. Parameter estimation for processes driven by fractional Brownian motion will be discussed.
