**Education**

1992 PhD in Economics, PhD School jointly coordinated by Università Bocconi, Università Cattolica, and Università di Milano.  
1989 M.Sc. in Econometrics and Mathematical Economics, London School of Economics  
1987 B.A. in Economics and Social Sciences, Università Bocconi, Milano.

**Research interests**

Game Theory, Microeconomic Theory, Psychology and Economics.

**Academic Career and Affiliations**

2000-current Professor, Bocconi University.  
2019-current Head of the Department of Decision Sciences.  
2014-2019 Dean of the PhD School.  
2004-2009 Director of PhD in Economics.  
1999-2000 Director of Graduate Studies, Department of Economics, EUI.  
1998-2000 Professor, European University Institute.  
1994-1999 Assistant Professor, Princeton University.  
1992-1994 Assistant Professor (Ricercatore), Politecnico di Milano.

**Visiting positions**

2011-2012 Visiting Scholar, New York University, Stern School of Business.  
2005 Visiting Scholar, European University Institute.  
2004 Visiting Scholar, New York University, Stern School of Business.  
1997 Visiting Assistant Professor, Caltech, Pasadena.  
1996 Visiting Fellow, IGIER, Milano.

**Honors and Awards**

2017 Elected *Economic Theory* Fellow.  
2017 Elected Fellow of the *Game Theory Society*.  
2013 Excellence in Refereeing Award, *American Economic Review*.  
2012 Teaching award, Università Bocconi.  
2011 Elected Fellow of the *Econometric Society*.  
2000 IGIER Fellow.  
1988-1989 Scholarship “Luciano Jona,” Istituto Bancario San Paolo di Torino.

**Grants**

2013-2017 Principal investigator ERC Advanced Grant “*Reasoning About Strategic Interaction and Emotions*.” (ERC grant no. 324219)  
2006-2008 Collaborator of M. Dufwenberg, NSF research project “*Psychological Games and Communication*.”  
2006-2008 Coordinator of MIUR research project “*Applications of infinite games and their finite approximations*.”

- 2004-2005 Collaborator of G. Maggi, NSF research project “*Modes of governance in international organizations.*”
- 2002-2003 MIUR research project “*Heterogeneous beliefs, uncertainty and strategic interaction.*” (Head of Bocconi Unit)
- 2001-2003 Collaborator of G. Maggi, NSF research project “*Complexity costs and contract incompleteness.*”
- 2000-2003 Collaborator of M. Siniscalchi, NSF research project “*Studies in the foundations of game and auction theory.*”

## Books

- *Restrizioni razionali su sistemi di probabilità soggettive e soluzioni di giochi ad informazione completa.* Milano: EGEA, 1993.
